

Jerry Waterman Chapter 316

The Tampa AFA Flight Lines

Vol 2009, Issue 1

February 2009

From the President

Thanks to all who were able to attend the November 08 luncheon. A special thanks to guest speaker, Mr Wayne Chalu, Chief of the Economic Crime Division, State Attorney's Office, Tampa. The discussion of mortgage fraud was timely as the mortgage industry continues to be a key focus area. In March we are very happy to have Col Ken Lewis, 927th Air Refueling Wing Commander, provide interesting insights into the total force mission operations that have been enabled through the recent move of the Selfridge Air National Guard personnel to MacDill AFB. Col Lewis has his finger on the pulse of how the USAF is working to use all of it's resources smarter to meet the mission needs. For the luncheon, you can pay in advance with the form on the reverse of the newsletter or pay at the door. If you want to pay at the door appreciate an email (hancee@verison.net) or call (813/254-9733).

We will use the Club's standard buffet for the meal. On a different front, last newsletter we spoke about the chapter's efforts to support the study of science, technology, engineering and math through small contributions to two Hillsborough County school programs focused on these study areas. Just a bit of feedback, the picture above is of a couple of the Stuart Middle Magnet School Space and Aviation students at the controls of the Kennedy Space Center Flight Simulator. Mrs. Lynn McDaniel, Stuart Middle Magnet School Lead teacher and our Teacher of the Year '08 sent us this picture and special thanks for supporting their program. Colonel Jeff Kaloostian, USAF (Ret), Career/Technical Department Chair, Robinson High School, said that their MacDill Aeronautical Academy is gearing up for an intense satellite curriculum this spring based on our gift. The satellite program will guide the students through the basics of orbital mechanics to animating satellites using specialized software and specifics about GPS satellites. Jeff has all of the specifics to include a hands – on activity, geocaching, for the students to reinforce the academics studies. Jeff also wants to pass on to all his thanks for the donation and to stop by anytime to see "learning in action" at the MacDill Aeronautical Academy, Robinson High School.

Mrs. Lynn McDaniels Young Astronaut Students at Kennedy Space Center.

AFA Florida Calendar of Events

- AFA Florida State Meeting – 28 Feb 2009, Orlando
- Quarterly Luncheon, MacDill Officer's Club, 1200hrs – 12 Mar 09
